The problem of perpetual motion seems to have been solved in the star route trial, it goes on without stopping.

The six inch tubing which was received for the water works well, but could not be used, was shipped back on the Saginaw Valley Thursday.

Lorenzo Backus is the same age as Barnum, 74 years, and is actively engaged every day for the good of Cheboygan, doing more than many young men.

Street Commissioner Devine intimates to us that unless certain parties look "a leedle out" he will have four brand new wagons for sale some of these days soon.

Capt. Gibson, of the Idaho, informs us that both the Idaho and the Fountain City will call at Cheboygan regularly both ways, one going up every Thursday evening or Friday morning and down every Thursday evening.

Dr. W. W. Bowes received communication from Dudley, Commissioner of Pensions at Washington, informing him that the Examining Board of Pensions will meet here every Wednesday hereafter, instead of monthly as heretofore.

Frank J. Todd and Charles Eby, the latter formerly connected with J. J. Cueny's bakery, have purchased John L. Acwell's bake oven, and are removing it to the rear of Mr. Todd's restaurant, and will enter upon the baking business.

The Rector of St. James has gone to the annual diocesan convention at Detroit this week and will be absent over Sunday. No services at St. James' next Sunday. The Rector expects to be back in time for services Sunday. June

According to the new arrangement on the Michigan Central railroad, which express, leaving Detroit at 9:10 a. m., will run through to Mackinae City, arriving there at 9 p. m. Both trains on the Bay City division will run through to Mackinac, and vice versa.

Henry J. Miner never does a scaly trick, but he is guilty of doing good often. He made us the recipient this week of several Grayling fish; they were speckled beauties, being peculiar to Michigan waters. We are grateful and know that a sportsman who has soul enough to remember an editor will have good luck.

The shade trees planted last spring, with very few exceptions, are putting not nicely this spring, and give every indication of thrifty growth, and, we think, settle the question about the successful growing of shade trees along our streets. We hope all may be encouraged to make more extensive efforts in the direction of securing shade trees in front of their

Schuyler Farrell packed up his household goods Thursday and with them and family took passage on the Mary for St. Ignace, where they propose residing. We are sorry to loose Mr. Farrell and family, but what is Cheboygan's loss is St. Ignace's gain, and our neighboring city cannot have too many of such people. We hope they may enjoy their new home.

J. G. Spiller has broken ground for an elegant residence on corner Third and Dresser, and as soon as he is through with the artesian well will complete the structure.

Will VanValkenburg received a fine lot of fish from Sault Ste. Marie Wednesday evening. His freezer is just the thing to keep them always in first class condition.

Mr. McArthur is putting up temporary additions to this building, to be goes into effect to-morrow, the Bay City used for the present, but will proceed at once to exect another commodious boarding house.

> The St. Ignace News, Vol. 1. No. 1, is on our table, and we are happy to see it. The "platform" of the paper is comprehensive, promising, and excellent, Among other things the News says "it will endeavor to be just at all times. In matters of taste it will seek to avoid giving offense. It will not engage in personalities." McGarvie & Cavanaugh, the publishers, are good men, and as the first number is good, we trust that according to evolution the paper will continually develop and succeed. Gentlemen, you have our best wishes in your eflort to establish a semi-weekly.

Last Saturday the Southern Michigan Cedar and Lumber Co. brought down from their mill two lighter loads of shingles, to be shipped to Cleveland and tied them up at the lower end of S. Baker & Son's dock. Sunday morning the Keweenaw came in, and having had arrangements with that company to carry shingles to Sandusky, they supposed they were to go to that point and went to work and put on one lighter load, calculating to put the second on when they returned from St. Ignace. However, when they got back they found out their mistake and had to unload those they put on. They did not feel happy.

Paper hangers and kalsominers are in demand these days.

Wm. T. Vanderbilt sprained an ankle a couple of weeks since, and it gets no better, but is quite painful. Defective sidewalk was the cause.

When such far seeing business men as McGinn, Humphrey and Nelson, who have known Cheboygan from the first, invest largely in real estate, as they have recently done, it is a sure evidence that Cheboygan is a good place to put down money for speculation.

John W. Smith and Charles D. Wheelock, who recently went to Virginia to look over the lay of the land, returned Tuesday last. They report good prospects for farmers but no place for laboring men, wages being very low. They met a gentleman from Lansing, who has engaged in farming in that vicinity, who claimed to have plowed on his farm twenty-two days during January. Mr. Smith, however, thinks there is no better place for a poor man than around Che-
